LEARNING GOALS

Improve design skills

LEARNING GOALS

Improve design skills

LEARNING GOALS

Improve design skills

Learn how to code at least one feature

```
VStack{  
    DatePicker(  
        "",  
        selection: $selectedDate,  
        displayedComponents: [.date]  
    )  
    .datePickerStyle(.compact)
```

LEARNING GOALS

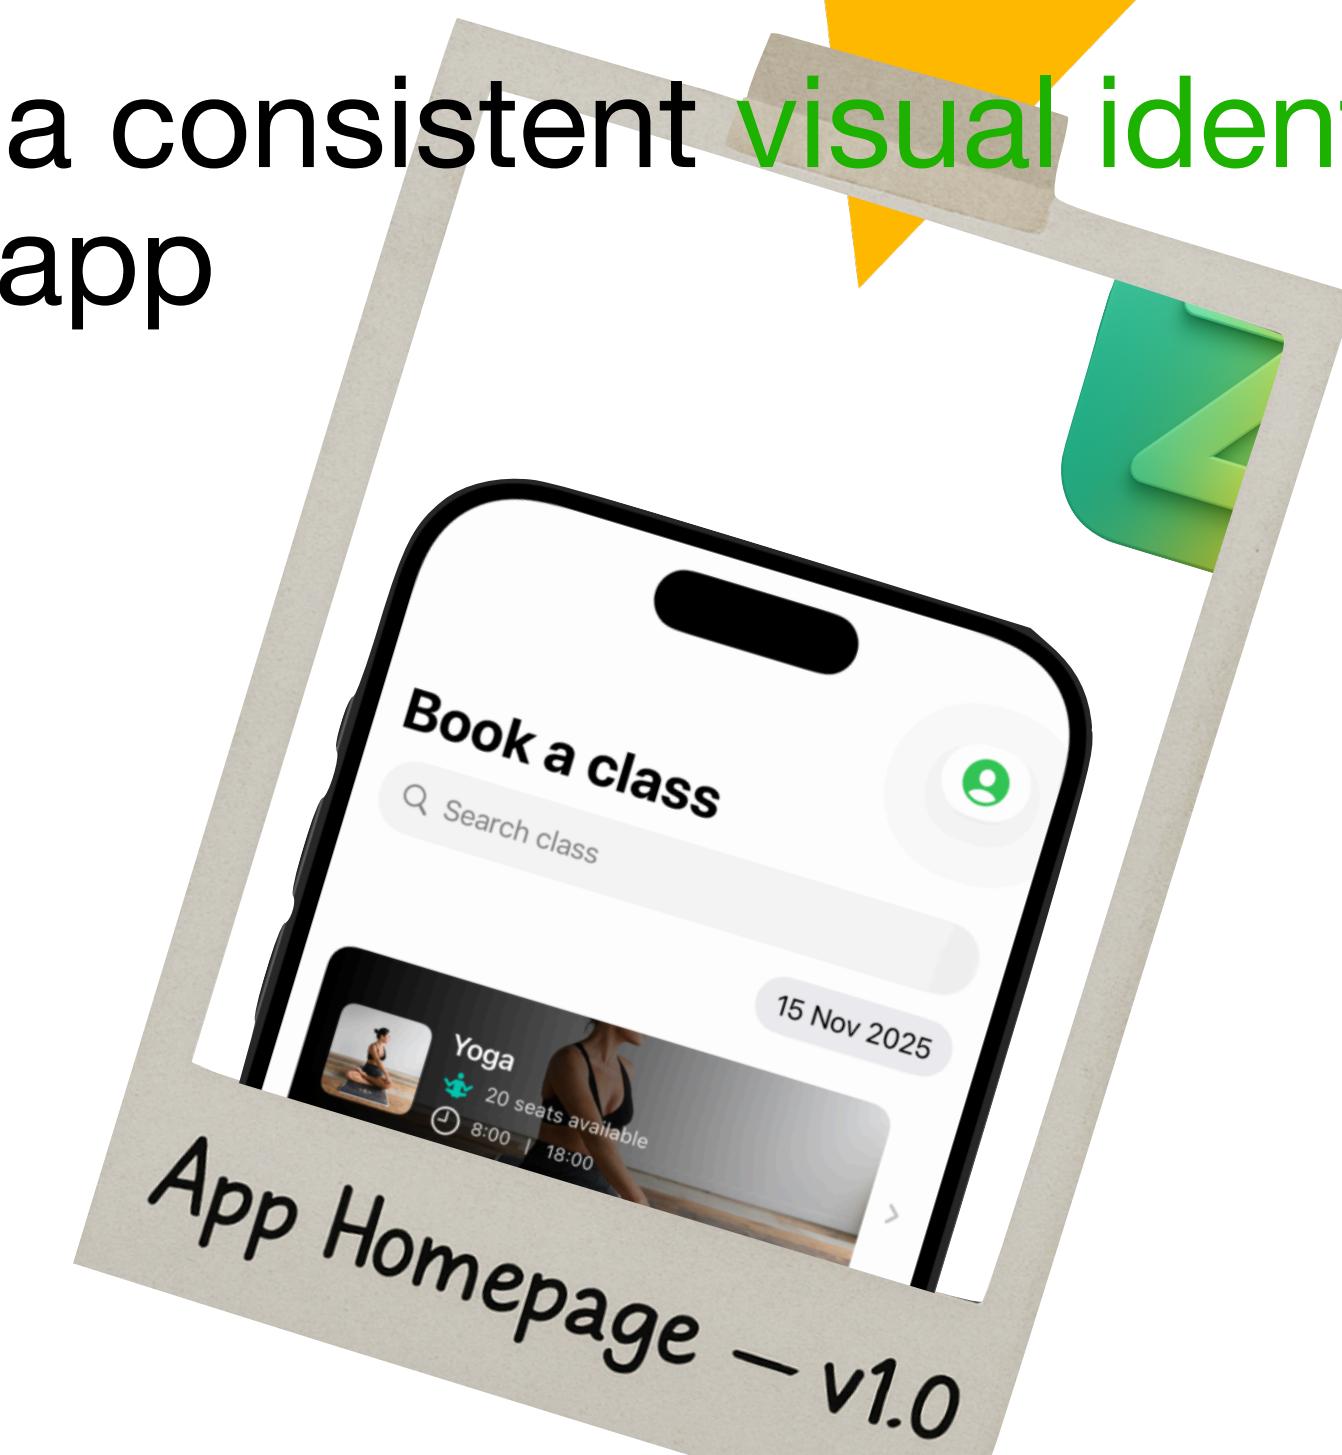

Improve design skills

Learn how to code at least one feature

Create a consistent visual identity
for the app

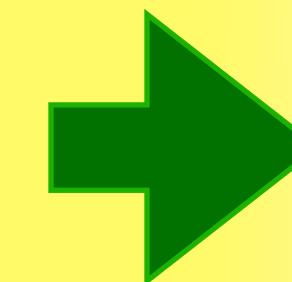

Redesign the class booking screen of my gym's app Zeta Club to create a clearer and more intuitive user experience and better usability.
